THE WELCOME NOTE

The European Society for Translational Medicine (EUSTM) cordially invites industry partners to attend and apply for the sponsorship opportunities for the Immunotherapeutics 2023 (From Biology to Patients Care) congress which will be held Virtual during 6-7 May 2023. This Congress will focus on recent advances in the field of immunotherapeutics for solid tumors, hematological malignancies, autoimmune disorders, infectious disease, Covid, & vaccines covering from biological research, diagnostics & biomarkers to clinical care.

The Congress not only provides a unique platform for scientific exchange and discussion about the recent progress in both bench and bedside of immunotherapies for cancer and infectious diseases, but also an avenue for global networking with key stakeholders in academic research, clinical caregiver, public health workers, and industrial leaders.

The delegates will have access to the latest developments and updates by the industry and vendors. Due to interdisciplinary congress, the following slots would provide a great opportunity to showcase services/products to a global multidisciplinary audience. Following types of opportunities are available on ‘first–come, first–served basis.

Prof. Dr Jianyu Roa
Treasurer, EUSTM

Prof. Dr Aamir Shahzad
President, EUSTM

Prof. Dr Antonio Facchiano
Secretary General, EUSTM

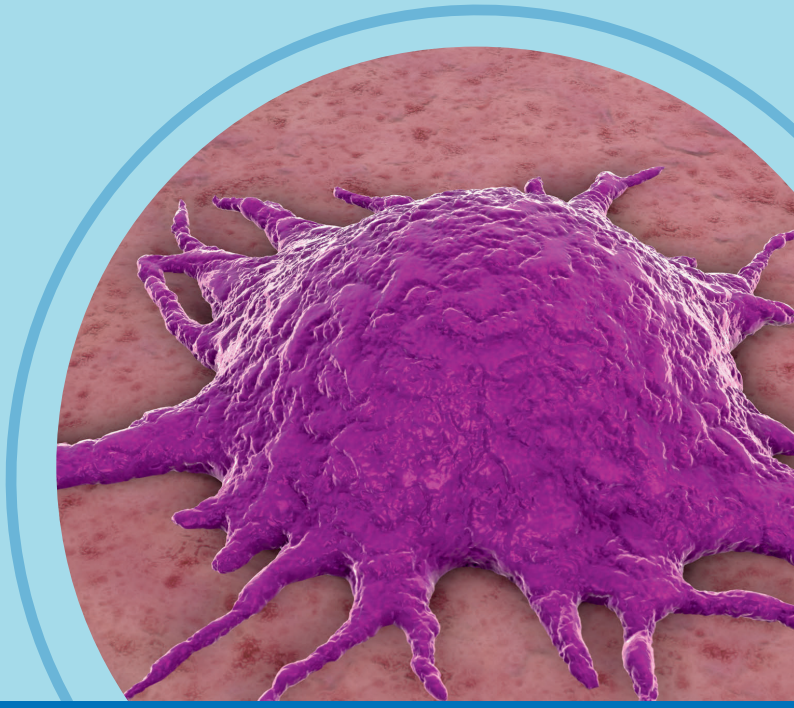
Preliminary CONGRESS THEMES AND TRACKS

IMMUNOBIOLOGY

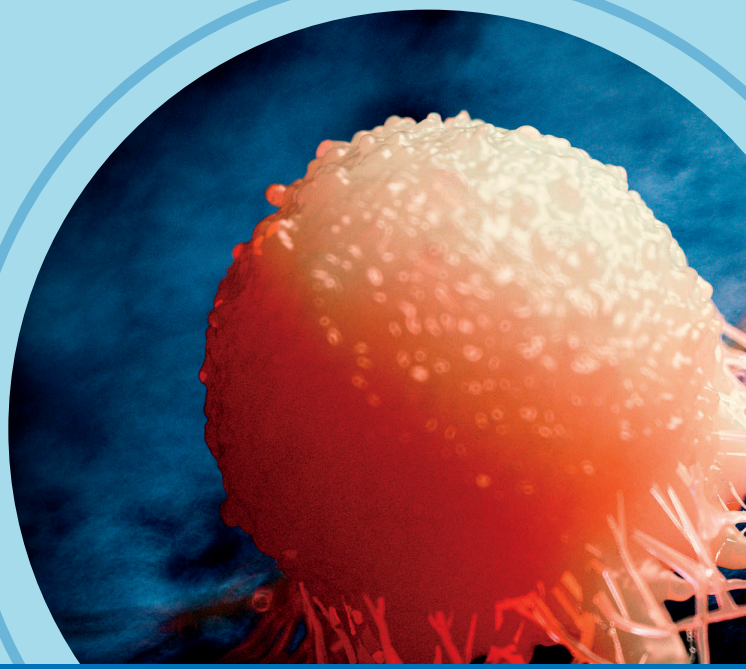
- ADVANCES IN CELLULAR IMMUNOLOGY
- HUMORAL & CELLULAR IMMUNE RESPONSES
- B CELLS & T CELLS RECEPTORS
- IMMUNOMODULATION
- NK CELLS IMMUNOLOGY
- IMMUNE TOLERANCE
- EXPERIMENTAL MODELS
- IMMUNOINFORMATIC & SYSTEMS IMMUNOLOGY
- IMMUNOLOGICAL SURVEILLANCE & TUMOR IMMUNITY
- AUTOIMMUNITY
- CELLULAR SENESCENCE & CANCER IN AGING



Preliminary CONGRESS THEMES AND TRACKS

SOLID & BLOOD TUMORS

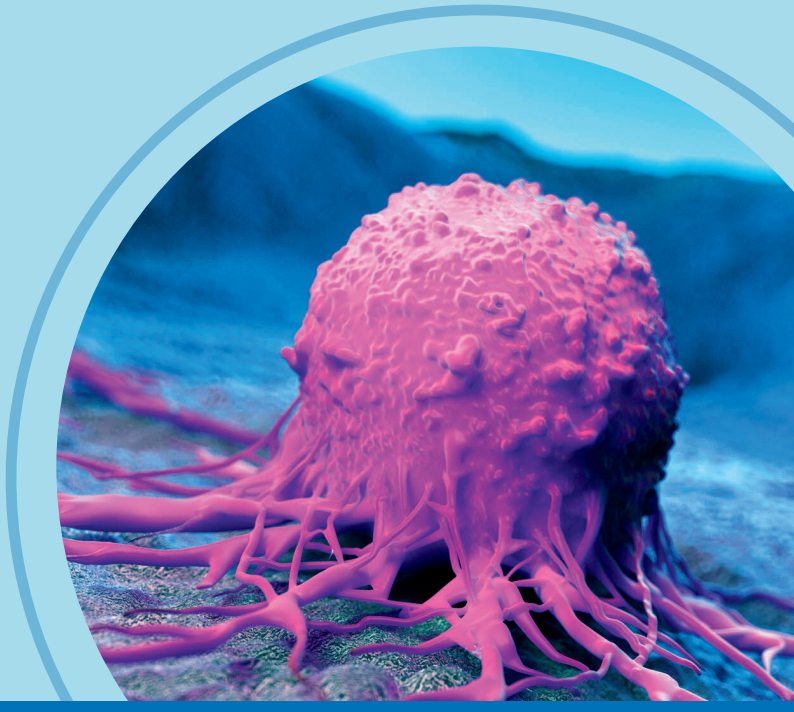
- CELL THERAPY
- CAR-T THERAPY
- T CELL RECEPTOR-BASED THERAPY
- TUMOR IMMUNOBIOLOGY
- NOVEL IMMUNOTHERAPIES AND CELL THERAPY
- AUTOIMMUNITY & CANCER
- NOVEL THERAPEUTIC TARGETS & PATHWAYS
- CHECKPOINT INHIBITORS
- BIOSIMILARS
- ANTI-CYTOKINES
- BIOMARKERS & GENETIC TESTING IN CANCER IMMUNOTHERAPY
- ON-GOING CLINICAL TRIALS



Preliminary CONGRESS THEMES AND TRACKS

MICROBIOLOGY AND INFECTIOUS DISEASES

- INFECTION & NOVEL IMMUNOTHERAPEUTICS
- MICROBIAL CONTROL & THERAPEUTICS
- BACTERIAL PATHOGENESIS & IMMUNOLOGY
- ANTIBIOTICS & CURRENT RESEARCH
- VIRAL IMMUNOLOGY
- PARASITE IMMUNOLOGY
- NOVEL DIAGNOSTICS



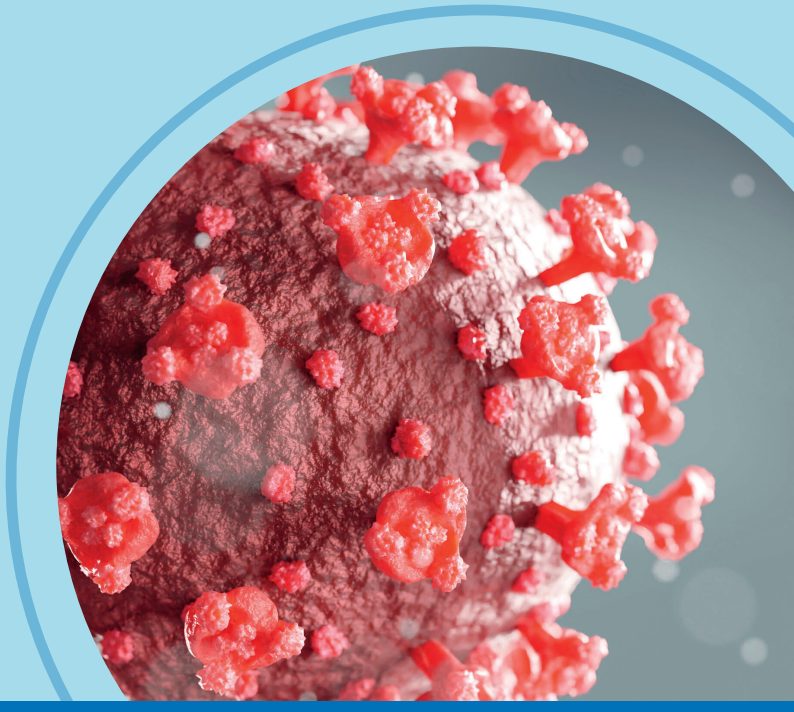
Preliminary CONGRESS THEMES AND TRACKS

COVID

- NOVEL UPDATES IN COVID THERAPEUTICS
- COVID VACCINES AND POTENTIAL SIDE EFFECTS (VITT, ETC)
- CYTOKINE STORM & POST COVID SYNDROME

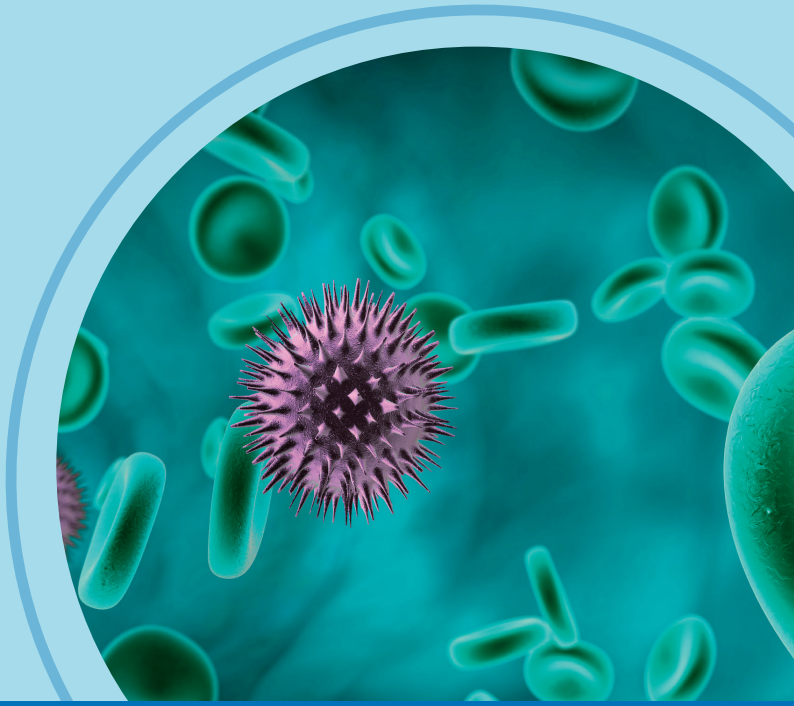
VACCINES

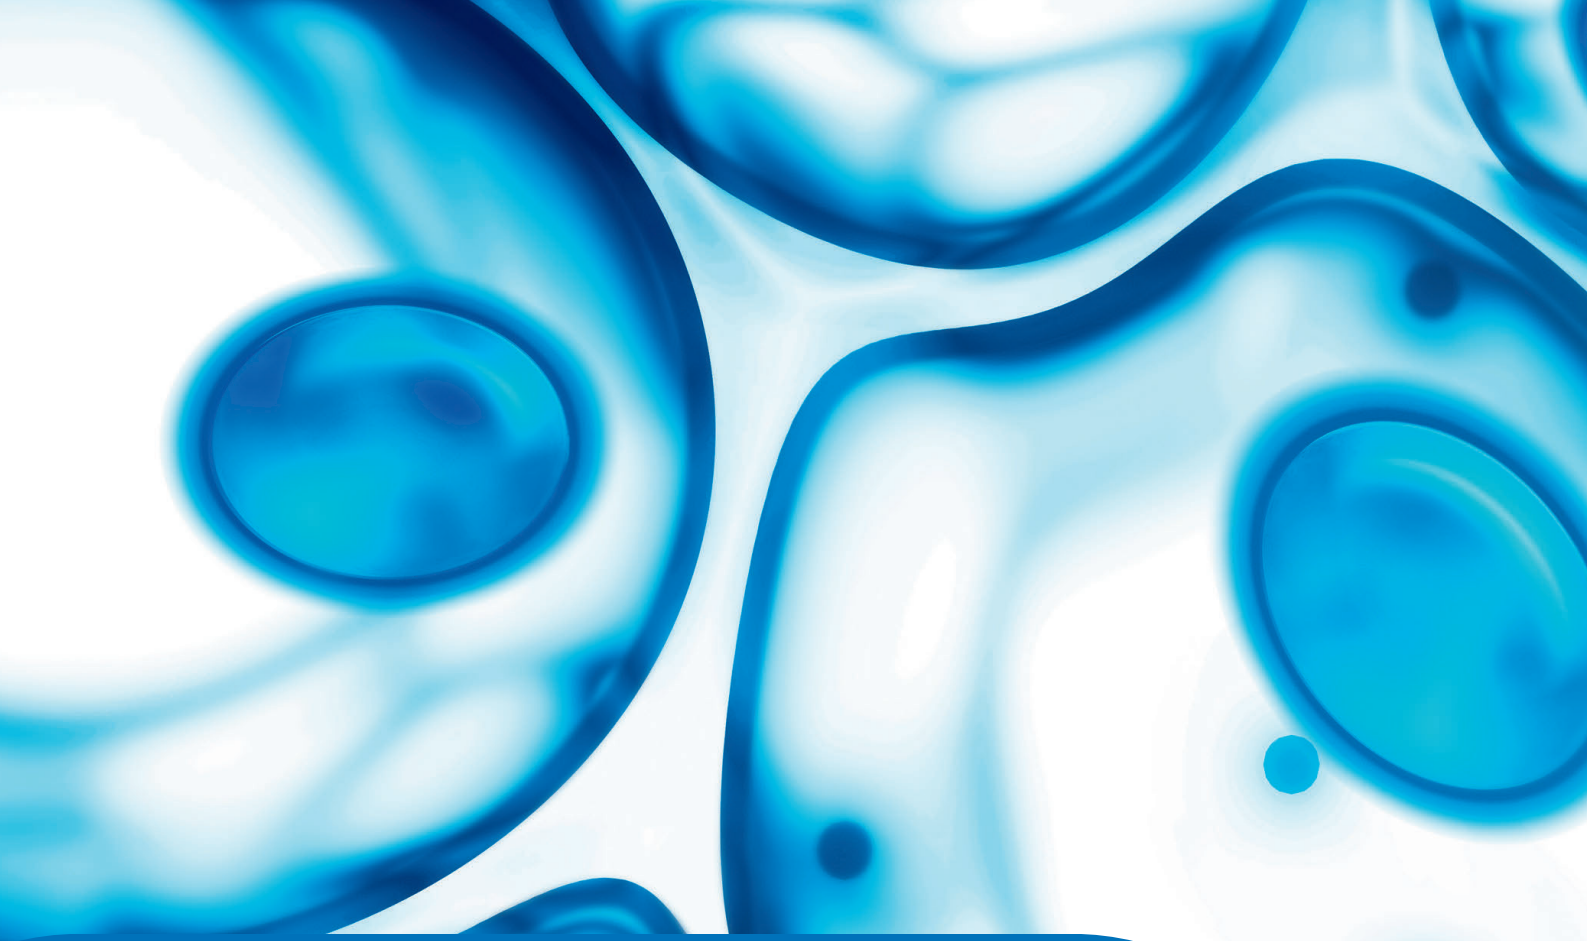
- VACCINES & IMMUNOTHERAPY
- NOVEL FINDINGS & TECHNIQUES
- VACCINES-INDUCED CELLULAR IMMUNITY
- VACCINE & AUTOIMMUNITY
- ANTIBODIES BASED THERAPEUTICS



Preliminary CONGRESS THEMES AND TRACKS

- **CLINICAL CASE REPORTS**
- **IMMUNOTHERAPEUTICS FOR AUTOIMMUNE DISEASES**
- **OTHERS**





WHO WILL ATTEND THE CONFERENCE

- Medical Oncologists
- Biologists/ Immunologists
- Pathologists/ Cytologists/ Biochemists/ Biotechnologists/ Rheumatologists
- Infectious diseases Specialists/ Microbiologists
