

EUSTM-2022 Congress Final Report

9th Annual Congress of the European Society for
Translational Medicine on Immunotherapeutics
| From Biology to Patient Care (EUSTM-2022)

EUSTM-2022
IMMUNOTHERAPEUTICS
FROM BIOLOGY TO PATIENTS CARE

Educational Provider

European Society for Translational Medicine

Primary Contact Mag. Sandra Oberhuber

EUSTM-2022
Congress Co-Chairs

Prof. Dr Aamir Shahzad
President, EUSTM

Prof. Dr Antonio Facchiano
Secretary General, EUSTM

Prof. Dr Jianyu Rao
Chair, Advisory Board, EUSTM

Congress Themes

Immunobiology

Solid Tumors

Tumor Vaccines

Microbiology & Infectious Diseases

Covid

Autoimmune diseases

Diagnostics & Biomarkers

Congress Feedback & Assessment

Attendees were invited to complete the 'Pre & Post congress' Quiz based Surveys

The logo for EUSTM-2022 is centered on the right side of the slide. It features the text 'EUSTM-2022' in a large, bold, sans-serif font, with 'EUSTM' in black and '-2022' in blue. Below this, the words 'IMMUNOTHERAPEUTICS' and 'FROM BIOLOGY TO PATIENTS CARE' are written in a smaller, black, all-caps sans-serif font. The logo is set against a background of several overlapping, semi-transparent, curved bands in shades of light blue and light green, which create a sense of depth and movement.

Q: Rate your experience for congress program's scientific quality, congress virtual platform, and participating in this learning event ?

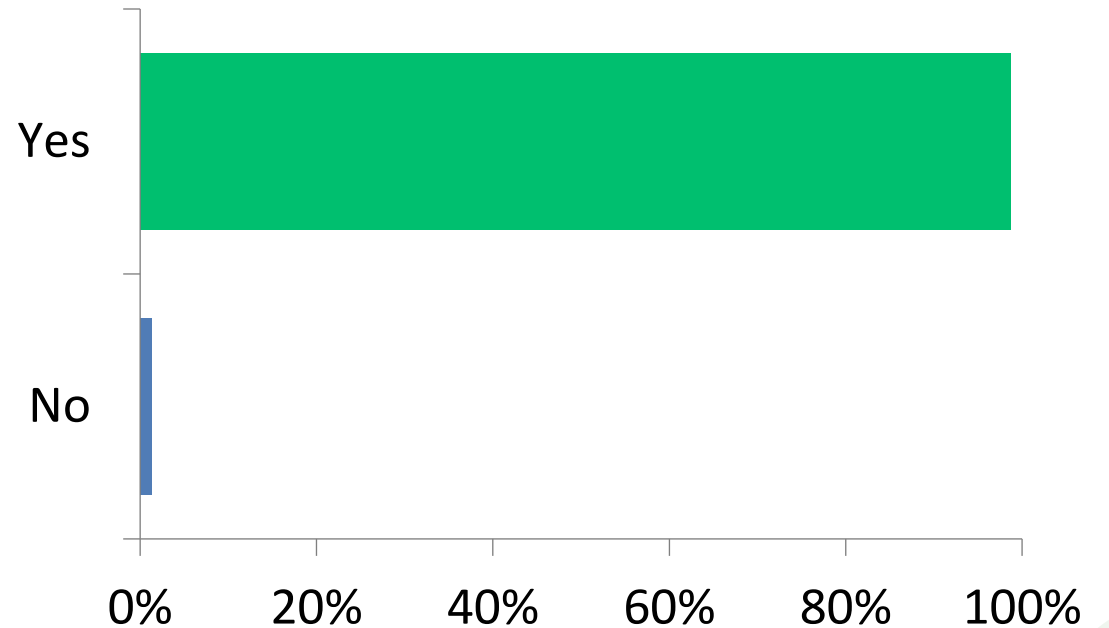

- **78.17%** of attendees Responded **'Very Good'**
- **20.96 %** Responded **'Good'**

Q: Would you consider attending 2nd Edition of this 'Immunotherapeutics' Virtual Congress 2023 ?

98.68% Responded

'YES'

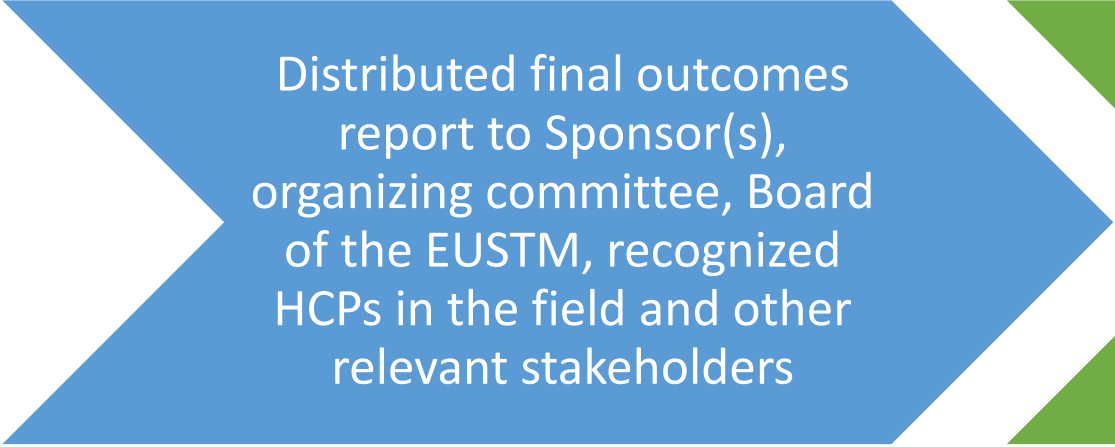

CME/CPD Points

EUSTM-2022 received **26.5 CPD Points** Accreditation has been granted by the 'Faculty of Pharmaceutical Medicine, Royal Colleges of Physicians of the UK'

Dissemination Plan

Distributed final outcomes report to Sponsor(s), organizing committee, Board of the EUSTM, recognized HCPs in the field and other relevant stakeholders

Outcomes data and feedback from this outcomes report will provide a base for additional IME events to further address knowledge gaps that were identified by attendees

Summary

- **4200 plus delegates** attended the congress, which will make a huge impact on better patient care.
- **EUSTM-2022 congress organizing committee** developed a **comprehensive adult learning theory-based congress agenda**. We employed technology to maximize interactivity throughout the event. Through high quality scientific program, EUSTM-2022 congress advanced the HCP's knowledge about latest Bedside and Benchside advancements and updates in Immunotherapeutics, thereby reducing practice gaps by increasing confidence in new therapeutic decision making and improving overall patient care.
- **As per delegates evaluation & feedback surveys**, delegates were satisfied with the scientific quality of the educational program. They expressed that the event fulfilled their educational goals and learning outcome. The delegates showed that the congress program helped to strengthen their knowledge regarding latest translational medicine advancements, approaches, strategies, and techniques to improve the quality of patient care in their respective specialties. The delegates found the event to be well balanced without any bias in the program agenda.
- **Final outcomes report** is distributed to Boards of the EUSTM, organizing committee, and other relevant stakeholders. Outcomes data and feedback from this outcomes report will provide a base for planning additional IME events.

Acknowledgement

On behalf of the European Society for Translational Medicine (EUSTM), we would like to thank Sponsors for the kind support for the activity.
