THE WELCOME NOTE

The European Society for Translational Medicine (EUSTM) cordially invites you to attend the Immunotherapeutics 2024 Congress (From Biology to Patients Care) which will be held in virtual format during 6-8 September 2024.

The Congress will focus on recent advances in the field of immunotherapeutics for solid tumors, hematological malignancies, autoimmune disorders, infectious disease, Covid & vaccines covering from biological research, diagnostics & biomarkers to clinical care.

The Congress not only provides a unique platform for scientific exchange and discussion about the recent progress in both bench and bed side of immunotherapies for cancer and infectious diseases, but also an avenue for global networking with key stakeholders in academic research, clinical care giver, public health workers, and industrial leaders.

We look forward to welcome you.

Sincerely,
Congress Co-Chairs

Prof. Dr Jianyu Rao
Chair, Advisory Board, EUSTM

Prof. Dr Aamir Shahzad
President, EUSTM

Prof. Dr Antonio Facchiano
Secretary General, EUSTM
